# Videographer Ned Miller

**20 years of worldwide experience and Sony D600**

Award-winning, freelance shooter specializing in:

- **Nonfiction television shows & specials**
- **Corporate communications**
- **Sales, marketing & training videos**
- **Documentaries**

Excellent at hand-held, product photography, dramatic, reality, helicopters, interviews, and reenactments. Fast, creative, tough and 100% reliable. I'm your *B-Roll Bulldog*, always shooting with the "cut" in mind. Adventure and extreme shooting veteran, challenging projects are my passion! My crew and I are known nationally as the "Midwest's A-Team."

I own the best gear: **Sony D600** (the "Porsche" of cameras), excellent lighting and audio packages, fast set-up dolly, wireless video monitoring, heatless Diva key light, wide-angle zoom, Script Boy wireless time code reader, programmable UHF wireless mics, and the best DV camera. Flexible pricing, travel rates and I'm *fully insured*.

Chances are I have shot dozens of videos very similar to your next project. From impatient CEOs, screaming babies, balking animals, temperamental celebrities, problem clients, ugly products, insecure actors, pyrotechnic stunts, breaking broadcast news, Third World slums, or your average corporate communications crisis, I'll help you handle them all.

Please visit [www.nedmiller.com](http://www.nedmiller.com) to learn more about how I will make you look great to your clients! Click and bookmark my **Great Links** page for the Web's best free resource site for video production professionals.

Looking forward to shooting with you!

*Ned*
